ABOUT ME

I am a Front-End Developer with over 3 years of experience in recruiting. I have a solid background in management, having developed excellent interpersonal, communication, leadership, and teamwork skills. I am seeking an opportunity in a dynamic company where I can leverage both my technical skills in JavaScript, React, Next.js, Node.js, Express, MongoDB, and MySQL, as well as my soft skills. I possess a strong sense of commitment, dedication, and adaptability to each project I undertake. I am passionate about using technology as a driver of success in any sector and firmly believe in continuous improvement.
